

AIM G-NOMES Government Only Collaboration Event (CE)

23 January 2024

Event Outcomes

SOFWERX, in collaboration with the USSOCOM, U.S. Army Combat Capabilities Development Command Chemical Biological Center (DEVCOM CBC), the Defense Threat Reduction Agency (DTRA), and the Accelerator for Innovative Minds (AIM) Genomic Non-Specific Operational Matchmaking Enabled Systems (G-NOMES) Team, hosted a Government Only Collaboration Event (CE) to focus on identification and prioritization of the limiting factors in providing awareness of biological agents/compounds in a far forward, resource-limited environment.

- 21 Government representatives participated in this event
- Participants were divided into 3 groups to discuss current limitations and ways to overcome limitations
- Groups developed 8 problem statements that will be used to shape materials for a future CE that will include Industry, Academia, and Laboratories, followed by an Assessment Event (AE)
