

# AIM G-NOMES Assessment Event (AE)

09-10 July 2024

SOFWERX, in collaboration with USSOCOM, U.S. Army Combat Capabilities Development Command Chemical Biological Center (DEVCOM CBC), the Defense Threat Reduction Agency (DTRA), and the Accelerator for Innovative Minds (AIM) Genomic Non-Specific Operational Matchmaking Enabled Systems (G-NOMES) Team, hosted an Assessment Event to identify capabilities to develop a system with maximum utility for the warfighter to overcome current limiting factors in providing awareness of biological agents/compounds in a far forward, resource-limited environment.

## Event Outcomes

- 15 Industry participants from 7 organizations presented their technology briefs to the Government team
- Out of 10 submissions, 7 capabilities were selected to brief
- A team of 11 Government representatives participated virtually and in-person to listen to solution briefs and have one-on-one conversations with Industry
- USSOCOM will make their decision as to which organizations they will choose to move forward with in the coming weeks
