

FIRST Robotics Challenge Mid-Season Robot Reviews

26 February 2024 -
30 April 2024

SOFWERX hosted a local school robotics program by providing financial assistance and technical mentorship in the FIRST® Robotics Challenge (FRC) Mid-Season Robot Reviews.

This initiative aligns with the United States Special Operations and Special Operations Forces' commitment to innovation and excellence through practical experience and adaptive thinking.

Event Outcomes

- Emphasizing the importance of hands-on learning and critical thinking, SOFWERX mentors worked with students to enhance their understanding of engineering principles and real-world problem-solving.
- Mentors inspected each team's robots for functionality, safety, and made suggestions for improvements.
- Teams evaluated:
 - Edgar Allan Ohms
 - Jungle Robotics
 - Minotaur
 - Royal Robotics
 - Team Hydra
 - Team Krunch
