

Intelligent Components Software Platforms Open Technology Systems (ICSPOTS) Assessment Event (AE)

10 December 2024

Event Outcomes

SOFWERX, in collaboration with USSOCOM Program Executive Office – SOF Warrior (PEO-SW) and the Army Research Lab, hosted the Intelligent Components Software Platforms Open Technology Systems (ICSPOTS) Assessment Event (AE) to develop concepts and components of systems that utilize an open architecture to enable Electronic Warfare (EW). Additionally, system level aspects, such as integration, testing, and training, were considered to ensure fieldable solutions.

- 51 Industry participants from 25 organizations presented their technology briefs to the Government team
- Out of 160 submissions, 24 capabilities were selected to brief
- A team of 9 USSOCOM and other government representatives participated virtually and in-person to listen to briefs and have one-on-one conversations with Industry
- USSOCOM will make their decision as to which organizations they will choose to move forward with in the coming week
