

J2 Integrated Survey Program (ISP) Autonomous Solutions CE

31 March 2026

Event Outcomes

SOFWERX, in collaboration with USSOCOM Joint Staff Intelligence (J2) Integrated Survey Program (ISP) hosted a Collaboration Event (CE) to find new tactics, techniques and procedures (TTPs) to reduce cost and manpower requirements for USSOCOM J2 ISP's collection, processing, dissemination and exploitation of data.

- SOFWERX hosted 102 Industry participants and 20 Government representatives
- During the event, the Government Stakeholder team presented many topic areas with the specifications they are looking for to an audience of Industry representatives
- After hearing ideas and feedback from Industry, the Government Stakeholder team will work on an Assessment Criteria for the upcoming Assessment Event
- Interested respondents may submit to the Assessment Event on/around May 2026
