PEO SOFSA: Mobile Hydrogen Production and Storage Assessment Event

09-10 June 2026

SOFWERX, in collaboration with USSOCOM, Program Executive Office Special Operation Forces Support Activity (PEO SOFSA), hosted Mobile Hydrogen Production and Storage Assessment Event to test and evaluate low pressure hydrogen generation and storage capability for power production at the point of need.

Event Outcomes

- 21 Industry participants from 7 organizations presented their technology briefs to the Government team
- Out of 40 submissions, 8 capabilities were selected to brief
- A team of 9 USSOCOM and other government representatives participated in-person to listen to briefs and have one-on-one conversations with Industry
- USSOCOM will make their decision as to which organizations they will choose to move forward with in the coming weeks
