

PEO-M Unmanned Surface Vehicle (USV) Poseidon's Fury Collaboration Event (CE)

26 August 2026

Event Outcomes

SOFWERX, in collaboration with USSOCOM Program Executive Office Maritime (PEO-M), hosted a Collaboration Event that provided Special Operations Forces (SOF) operators and potential solutions providers for the Unmanned Surface Vehicle (USV) with opportunities for collaboration. The data collected during the event and the follow-on Assessment Event will directly inform the development of the USV Mission-Aligned Reference Architecture (MARA).

- Out of 478 requests to attend, 147 participants attended
- SOFWERX hosted 134 industry participants, 9 government representatives, 2 academia, and 2 national labs virtually
- Participants were divided into 13 groups and worked to develop a total of 16 problem statements based on current limitations and ways to overcome
