

PEO-SW Distributed Micro Sensors Collaboration Event

24 June 2026

Event Outcomes

SOFWERX, in collaboration with USSOCOM Program Executive Office (PEO) SOF Warrior, hosted a Collaboration Event (CE) to address the challenges faced by operating forces in detecting diverse threats in forward conflict zones.

- Out of 237 requests to attend, 94 participants were selected to attend
- SOFWERX hosted 49 industry participants, 24 government representatives, 5 academia, and 1 national lab attendees
- Participants were divided into 7 groups to develop problem statements based on current limitations and ways to overcome
- These discussion groups fostered an open dialogue to discover how industry, academia, and laboratories can develop a solution that will meet the needs of the operators
