

~~IMPOSSIBLE~~

Urban Non-LOS Targeting Systems Rapid Prototyping Event

12 - 14 December 2023

Event Outcomes

SOFWERX, in collaboration with USSOCOM Program Executive Office – SOF Warrior (PEO-SW), will facilitate a series of Rapid Prototypes to develop concepts and components of systems that utilize an open architecture to enable rapid, precise, operator-controlled Non-Line of Sight (Non-LOS) targeting in urban, surveilled environments. Additionally, system level aspects, such as integration, testing, and training, are also considered to ensure fieldable solutions.

- 39 Industry participants from 17 organizations briefed and demonstrated their capabilities to the Government
- Out of 49 submissions, 12 capabilities were selected to present
- A Government representative and contractor had one-on-one conversations with Industry
- USSOCOM will make their decision as to which organizations they will choose to move forward with in the coming weeks
