

Science and Technology Small Business Innovation Research (SBIR) 24.4 Release 5

26 March 2024 -
28 June 2024

Event Outcomes

SOFWERX, on behalf of USSOCOM, advertised and conducted market research for a Small Business Innovation Research (SBIR) Phase I Open Topic. This effort involved a solicitation of contract proposals to demonstrate the scientific and technical merit and feasibility of the ideas that appear to have commercial potential.

- The SBIR Office received 22 proposals for this Phase I Open Topic
- SOFWERX hosted and coordinated a virtual Q&A session for potential solution offerers to gain a better understanding of this topic before submitting
- After evaluations, the SBIR Office selected 5 proposals to be recommended for Phase I award

PHASE I Open Topic:
SOCOM244-006: Digital Projection Close Quarters Sight (DP-CQS)
