

Science and Technology Small Business Technology Transfer (STTR) 25.D Release 3

04 December 2024 -
04 March 2025

Event Outcomes

SOFWERX, on behalf of USSOCOM, advertised and conducted market research for a Small Business Technology Transfer (STTR) Phase I Open Topic. This effort involved a solicitation of contract proposals to demonstrate the scientific and technical merit and feasibility of the ideas that appear to have commercial potential.

PHASE 1:
SOCOM25D-001: Active Index Matching for Micro-optics (AIMM)

- The SBIR Office received 6 proposals for this Phase I Open Topic
- SOFWERX hosted and coordinated a virtual Q&A session for potential solution offerors to gain a better understanding of this topic before submitting
- After evaluations, the SBIR Office selected 2 proposals to be recommended for Phase I award
