Third Party Scalability Analysis Assessment Event (AE)

13-15 August 2024

SOFWERX, in collaboration with USSOCOM, hosted an Assessment Event to identify organizations that can support a USSOCOM pilot program to vet the maturity of solutions providers that have developed SOF prototypes.

The selected organization will be able to analyze a company and provide recommendations, for example, education and de-risk focus areas, which serve to potentially accelerate USSOCOM government awardees' timeline to maturity. (Maturity is defined as USSOCOM deployable, warfighter capability).

Event Outcomes

- 24 Industry participants from 10 organizations presented their briefs to the Government team
- Out of 30 submissions, 10 capabilities were selected to brief
- A team of 11 USSOCOM and other government representatives participated virtually and in-person to listen to briefs and have one-on-one conversations with Industry
- USSOCOM will make their decision as to which organization they will choose to move forward with in the coming weeks
